

JUMPKING®

TRAMPOLINE BASKETBALL HOOP WITH U-BOLT ATTACHMENT Model: ACC-BSKU

Part list:

Basketball board - 1 pc

Detachable hoop - 1 pc

Inflatable basketball - 1 pc

Air pump - 1 pc

Bent pole - 1 pc

U-bolt - 1 set (U-bolts x 2, clamps x 2,
bolts x 4, rubber caps x 4)

1. Insert the Bent Pole into the back of the basketball post

2. Place the screw hole and place the screw with a screw driver, to secure the basketball hoop in place with the Bent Pole

3. Align the basketball hoop onto one of the trampoline enclosure poles. Make sure the position of the basketball hoop is facing inward. Start attaching the U-bolts followed by the clamps and lock nuts. U-bolts should attach facing outward to prevent any injuries. Please be cautious when assembling the basketball hoop due to the welded support clamp has sharp edges.

4. Pull down the basketball hoop frame and attach the detachable hoop

5. Enjoy!
